Clarke School for the Deaf
d/b/a Clarke Hearing Center

Occasionally, students from our area's colleges and universities request to visit this clinic to learn about Audiology, and to observe the testing and counseling with our patients. We have visitors today who have requested to observe your appointment. We ask that you grant your permission for the visitor(s) to do so. Your consent is entirely voluntary. If you decline, your decision will in no way affect the quality of care provided to you.

I grant my permission to have a visitor(s) observe my appointment today at the Clarke Hearing Center.
